

**Volunteer hours log for HLF Gulliford Burial Ground
restoration and repair project**

As part of the audit for this project, we need to accurately assess the volunteer hours donated to this project. With that in mind, I would be most grateful if anyone volunteering their time and expertise to this project please keep a log of their time and the nature of the work performed. Once complete could you either email it to me at janepmoffatt@gmail.com or to Lucy at lympstonepc@gmail.com. You can also drop it into either Woodbury or Lympstone parish Council offices.

Thanks you in advance for your help and time which is very much appreciated by both councils and The Friends of Gulliford Burial Ground.
